To our fellow R/C Model Boat Sponsor

1. Performance Model Boat Club is proud to host the “2010 IMPBA International Regatta” in Seville, Ohio. This 10-day event will begin on Friday July 9th and conclude on Saturday, July 17th with a formal awards banquet.

The International Regatta, is the IMPBA’s most prestigious model boat race of the year, and is attended by R/C modelers throughout the US, Canada, and abroad.

Performance Model Boat Club is asking for your help in supporting this event by sponsoring an event, class or sponsoring a raffle prize donation for this prestigious race.

2. Event class sponsorship and raffle prize donations, helps pay for the cost in putting on the event. Without the support of sponsors hosting an event this size would not be possible.

US-1/National Class Sponsor: \$150.00

Special Event Class Sponsor: \$50.00

(Event Class sponsors names appear on PMBC awards given for those events)

3. Performance Model Boat Club proudly displays your sponsor banners during the event, on our website, along with periodic announcements throughout the event. Many pictures and videos will be taken during the International Regatta so don’t miss out on an excellent marketing opportunity. Me Time productions will be broadcasting the entire event live along with media releases.

The planning for this event started many months ago, and along with the experience gained in 2007 and 2009, we expect this to be another premier event. Thank you for your support and past support of Performance Model Boat Club and the IMPBA.

Thank You, From PMBC (IMPBA District 2 Club)

President PMBC: Mike Laing
Vice President PMBC: Don Vlcek
